

ELİF AYDOĞDU AĞATEKİN

Elif Aydođdu Ađatekin was born in Ankara, 1977. She lived in Ankara until she has completed her high school education at TED Ankara College. She started studying Ceramic at Faculty of Fine Arts, Anadolu University where she graduated in 2000. She received her Master of Arts (MA) degree with a focus in Ceramic from the Institute of Social Sciences at the same university. She worked as a decoration designer at Toprak Seramik for a short time. Afterwards she worked as an assistant expert at the Product Development Department of Eczacıbaşı Karo Seramik for 4 years, where she mastered the softwares for surface printing on tiles and operating CNC machine in the meantime. She took her PhD degree from the, Anadolu University Sufficiency in Arts Program at Institute of Fine Arts Division of Ceramic in 2012 on the subject of "Use of Waste Ceramics in the Art of Ceramics as an Alternative Means of Expression". She participated in a number of events in her country and in other countries broad with her works that she created using ceramic with conceptual and political contents. She has opened five solo exhibitions. She has won five awards in her field and her works are exhibited in various museums and collections. She currently works as an Assistant Professor in the Department of Ceramics and Glass in Faculty of Fine Arts and Design at Bilecik Seyh Edebali University.
