

ChunYu Hu was born in 1993 and graduated from Jingdezhen Ceramic University majoring in sculpture in 2015. Yuting Jiang was born in 1993 and graduated from Jingdezhen Ceramic University majoring in ceramics in 2018. Since 2020, Hu Chunyu and Jiang Yuting have worked together to set up a pottery studio. In 2022, they discovered their own ceramic language - weaving hollow ceramics with clay strips. In 2024, they won the silver award at the International Ceramics Competition Mino in Japan and were invited by IAC (International Academy of Ceramics) to become its members
