CERAMIC ARTS IN MILAN

GALLERY WORKSHOP AWARD INTERIORS

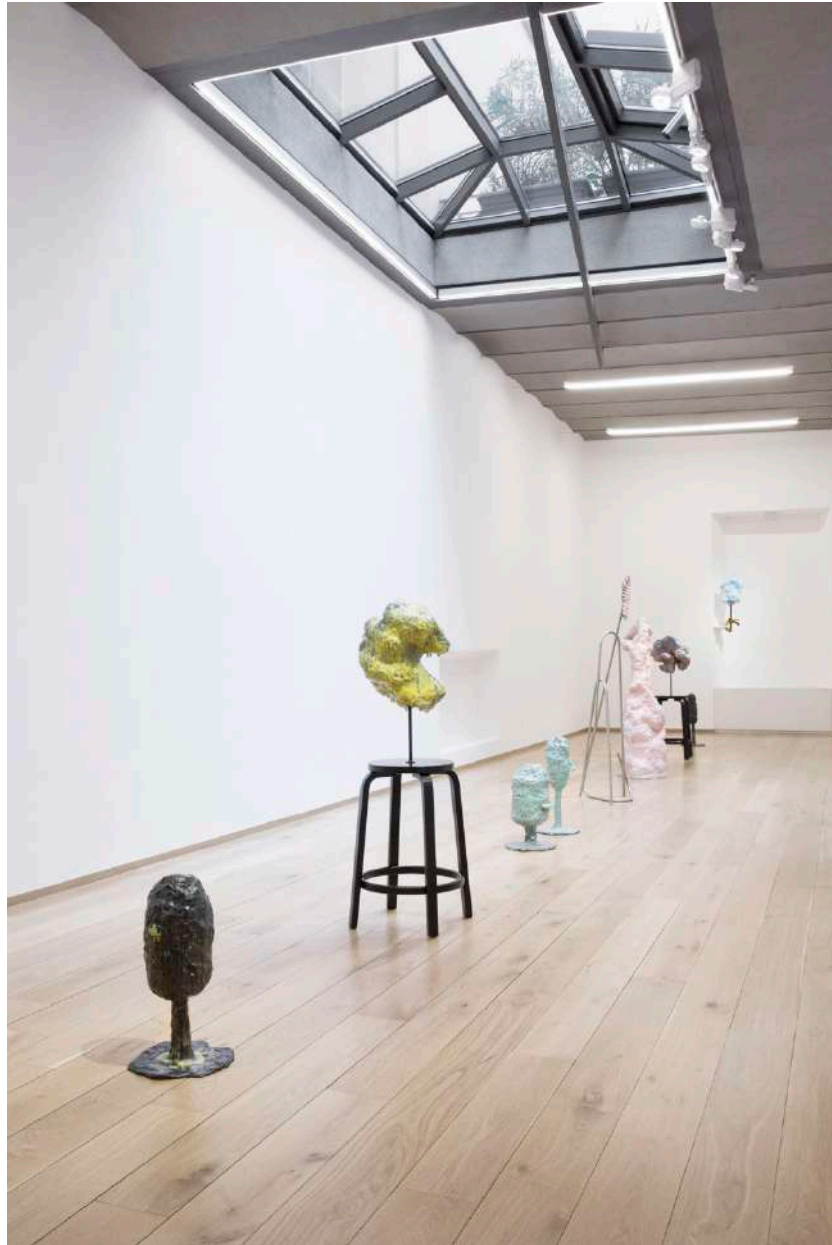

Officine Saffi is an experimental hub dedicated to contemporary ceramics. The project includes the Gallery specializing in ceramic art, with exhibitions of work by contemporary artists and master ceramists of the past; the Workshop, used for courses and practical work, as well as for production by artists and designers and during Artists' Residencies; and the Publishing House, which produces the quarterly magazine Fragile (www.fragilemagazine.it) and art catalogues. The project is completed by the Open to Art ceramics award, dedicated to contemporary art and design.

WORKSHOP

The Officine Saffi workshop is a creative centre, with a comprehensive range of professional equipment. It is used for courses for people who wish to learn more about the various ceramic techniques. Foundation, advanced and specialist courses are offered. At OS Lab, famous Italian and international artists hold workshops and master-classes. The workshop provides complete supervision and assistance for performing workshop activities as well as expert technical consultancy.

AWARD

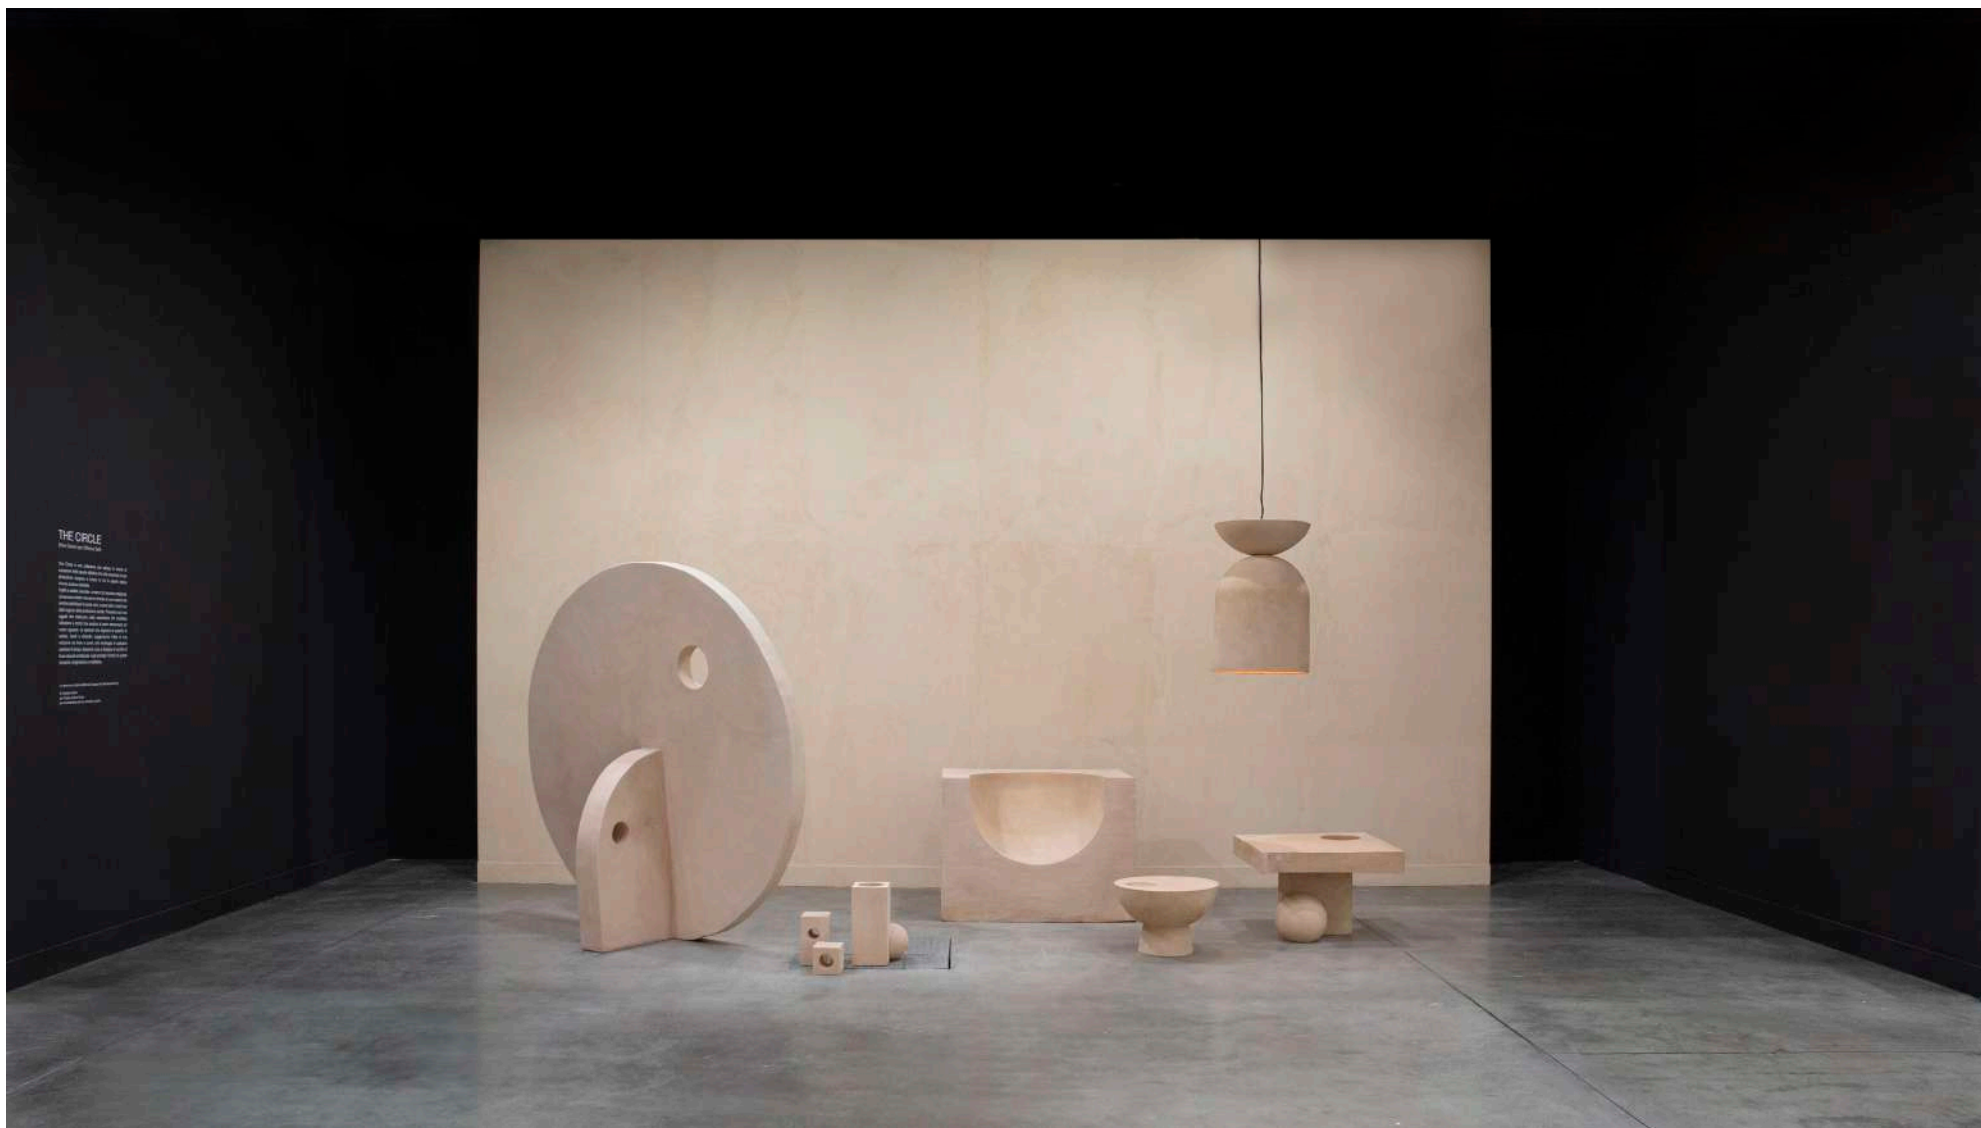

Open to Art, now in its third edition, is a biennial award that aims to enhance and promote ceramics in contemporary art and design, to identify the most innovative products and trends in terms of language and technique.

INTERIORS

We design and produce bespoke objects, vases, seats, lamps for both residential and hotels. We work with architects, designers and artists to develop their projects.
