- Nautankeer - NCA Lahore
- Vantandra - BNU Lahore
- The End- a Film society - NCA
- Volunteer work during Earthquake of 2005

MUHAMMAD HASSAN KASHIGHAR

CERAMIC DESIGNER

I am Hassan Kashighar **Ceramic Designer**, graduate from National College of Arts, Lahore. I do belong from **Traditional Kashi Kar Family**. Since childhood I have seen clay around me. Born in a family with a tradition of working in clay from many generations, I was introduced to clay very early in life. "**Kashi Kari**" the ancient art of decorating ceramic tiles and other objects like Potter, mosaics, Murals, and Calligraphy has been my family's occupation for more than **400 years**. Not much has changed since in terms of the objects and their treatments and that's why the same techniques are applied to get similar results. After finishing my graduation, I explore and develop many new things which helped for my family's Kashi Kari work.

EDUCATION
