2011 KOCEF Artist in Residence
Cerapia Public Art Project

Cerapia Public Art Project will be held in conjunction with GICBiennale 2011. The eight artists from five countries participating in this project will be exploring themes inspired by ceramics and public art. The resulting artworks will be shown at Cerapia-the ceramics theme park-in Icheon. After site investigation of Cerapia the entire production process including firing and installation will last two months. During this time major events including Open Studio, Artists' School Talk, and Small Artwork Exhibition featuring works by the participating artists will be held.

*Cerapia meaning "ceramic utopia" is a combination of the words "ceramics" and "utopia."

■Cerapia Art works project
 Monday, July 25 - Sunday, September 25, 2011 (63 days)
 KwangjuYo Ceramic Culture Center
