Biography of artist

From Democratic Republic of Congo Saint MBEMBO was seduced by the malleability of clay. He obtained a degree in Master of Fine Art in Ceramics at the Academy of Fine Arts of Kinshasa in 2010 and works as an Assistant teacher. Actually, he is pursuing another Master degree about ceramic design at Jingdezhen Ceramic Institute.

His work operates with forms, lines, movements, hollow, expressions, textures, patterns, buildings, vehicles, that are included with human being silhouettes, animals or various objects who are mostly distorted to the specific form to express how human is constantly change and influenced by his environment. The hate, love, happiness, desire that human lived, it transformed him from its original state and reacts differently.
